We are helping fight financial crime.
in the cloud.
all over the world.
using AI.
Come and join us to make a difference.

neterium.io/jobs

About us

Fighting financial crime (e.g., terrorism financing, money laundering, human trafficking) is of paramount importance. International regulations require all financial service providers to implement financial crime compliance programs, and fines for breaches of compliance are extremely high.

Our ambition is to become a global leader in Financial Crime Compliance, offering advanced technology solutions to international clients and an attractive working environment for top talents.

We are seeking a highly skilled **Front-End Developer** to join our talented team

Job Responsibilities:

- Develop and implement responsive user interfaces for web applications using React.js.
- Optimize applications for maximum speed and scalability.
- Ensure a high level of usability and accessibility.
- Conduct user interface testing and gather feedback for continuous improvement.
- Collaborate with back-end developers to integrate front-end logic with server-side logic.
- Stay updated on emerging trends and technologies in front-end development.

Your skills and experience

- Proven experience as a Front-End Developer with a strong focus on React.js & Node.js.
- Proficient understanding of web markup, including HTML5, CSS3.
- Good understanding of asynchronous programming and RESTful API integration.
- Knowledge of version control systems (e.g., Git).
- Responsive design implementation skills.
- Strong attention to application security and security practices.
- Good problem-solving skills and attention to detail.
- Effective communication skills in English.

What we offer

- The agile and fast-moving environment of an international startup.
- The ability to meaningfully contribute to the global fight against financial crime.
- Compelling salary package.
- The role is based on the Louvain-La-Neuve campus (20km SE of Brussels) but can be partly remote.

How to apply

Please send a mail to jobs@neterium.io or contact Thomas Gilbert via LinkedIn.
