About us

Fighting financial crime (e.g., terrorism financing, money laundering, human trafficking...) is of paramount importance. International regulations require all financial service providers to implement financial crime compliance programs, and fines for breaches of compliance are extremely high.

Our ambition is to become a global leader in Financial Crime Compliance, offering advanced technology solutions to international clients and an attractive working environment for top talents.

We are looking for a dynamic Risk and Security Manager (part-time or full-time) to join our fast-growing team. Reporting to the Chief Operations Officer, your role is key to build robust security and risk management frameworks and processes to support Neterium's business growth. You will work closely with all the teams to gain knowledge in all aspects of the financial crime prevention business. Role includes:

- Support and further develop our risk management processes
- Support and further develop our security management processes
- Facilitate the ISO27001 and SOC2 Type 2 certification and attestation processes
- Work with Neterium's internal and external security auditors
- Collaborate with development teams to ensure sound development of new service features and updates
- Support our business development team in addressing our clients' questions on security and risk management
- Keep abreast of industry trends and developments in the security and risk management fields

Your skills and experience

- Demonstrated risk and/or security management experience
- Relevant experience with ISO27001 and/or SOC2 methodologies
- Strong interpersonal and organizational skills
- Aptitude for understanding technologies, AI and cloud environments
- Comfortable working in a fast paced and dynamic environment
- Good verbal and written communication in English
- Mandatory: Minimum 3+ years relevant experience
- Experience in international organizations and/or in companies offering mission-critical services is an additional asset

What we offer

- The agile and fast-moving environment of an international startup
- The ability to meaningfully contribute to the global fight against financial crime
- Compelling salary package
- The role can be part-time
- The role is based on the Louvain-La-Neuve campus (20km SE of Brussels) but can be partly remote
