## About us

Fighting financial crime (e.g., terrorism financing, money laundering, human trafficking...) is of paramount importance. International regulations require all financial service providers to implement financial crime compliance programs, and fines for breaches of compliance are extremely high.

Founded in 2017 by a team with 20 years of experience in this field, Neterium aims to help platforms, fintechs and financial institutions in detecting high-risk transactions, individuals or entities by offering a cloud-based real-time screening service, available through a standard REST API. Our ambition is to become a global leader in Financial Crime Compliance, offering advanced technology solutions to international clients and an attractive working environment for top talents.

**We are looking for a Java developer** to join our solutions' development team. In this role, you will be supported and mentored by world-renowned experts in scalable computing and mission-critical solutions.

- You will be developing cloud-based, high-availability and extremely scalable solutions, to be deployed as containers in multiple cloud environments.
- Together with our Dev Relations team, you will help our international clients integrate our APIs, capturing feedback to iteratively improve our products.
- The role is based on the Louvain-La-Neuve campus (20km SE of Brussels) but can be partly remote.

## Your skills

- Good knowledge of JAVA (8+) development
- Good understanding of the following topics:
  - Micro-Services architectures
  - Object Oriented, Synchronous and Asynchronous Communications
  - REST APIs
- Capable of working with Maven and Git
- Understanding containerized deployments (docker)
- Knowledge of MongoDB is an asset
- Interest in high performance scalable computing is a plus
- Good English written and spoken
- Capable of working autonomously

## What we offer

- The agile and fast-moving environment of an international startup
- The ability to meaningfully contribute to the global fight against financial crime
- Compelling salary package
